

## Meeting Minutes – 13.02.2025

### Attendees:

- Ine
  - Alvario
  - Julius
  - Matt
- 

### Discussion Points:

#### 1. Progress Update on Sprint 1

- Presented work completed in the first week of the sprint.
  - User stories have been created.
  - Backend authentication is **in progress**.
  - Frontend login page development is **in progress**.
  - Database has been initialized using **MySQL**.
  - Discussed challenges and conflicts in ensuring the database works consistently for all team members.
- 

### TA Feedback:

- **User Stories:** Add a dedicated column for user stories.
- **Time Tracking:** Start documenting work hours for better tracking.
- **Work & Feature Changes:**
  - If plans or features change, **add new tasks instead of deleting old ones**.
  - This helps showcase all work done, including adjustments and progress, not just completed tasks.
